The total represents average purchases of \$1,957,525 for each business day since March 1, 1935, when these bonds were first placed on sale. Deducting bonds redeemed, the maturity of Savings Bonds outstanding on March 31, 1939, was approximately \$2,206,008,900.

PROTEST PLANNED OVER MOVING SHERIFF'S OFFICE

A wide general protest is under way through efforts of local citizens who are asking the commissioners' court to repeal its recent motion by which it seeks to move the office of the sheriff to the second floor and the office of the county superintendent to the first floor of the building. The move contemplates an exchange of office space by the two departments.

A large number of petitions have been sent out over the county seeking to prevent the move. Some time ago a delegation appeared before the commissioners' court and asked that the superintendent's office be moved down stairs. Members of the delegation pointed out the advantages as many people visit the office of the superintendent and are required to go up stairs to the second floor. It was also pointed out that transporting large shipments of text books to the second floor is quite a problem. Those who advocate the exchange of office location of these departments also point out that the sheriff's office if located on the second floor, would be convenient to the court and the offices of the judge and district attorney.

Traditions were playing a prominent part in the protest as advocates of the "no change" movement pointed out.

6 Inch Centipede On Display at Herald Office

A giant centipede, one of the largest ever seen in this section was brought to the Herald office on Monday by L. H. Hargrove. The centipede appears to be about six inches in length and has been on display at the Herald office all the week.

The publisher was not present when this specimen was brought to the office and no details were obtained regarding the finding of the insect. In tropical countries the centipede grows to a length of more than one foot. Despite the fact that they are commonly believed to be very deadly, there is little danger in them. They have been known to crawl on the flesh of people without any harmful effects. If molested or pressed against flesh they inject poison through many tentacles.

J. M. COPLEY NOW IN THE FAR WEST

Mr. Copley has been a prescription druggist at the New Cameron Drug Company here for several years. As

ONE OF 4 TEXAS BANDS TO SCORE

The Yoe High School band returned to Cameron from Abilene Saturday after competing in the National Band Contest held there Thursday, Friday and Saturday.

The Yoe Band returns home a full-fledged National champion, having entered in the concert playing, sight reading and marching contests, and having made the highest possible rating of first division in each of these competitions.

This means that the name of the Yoe High School band will be placed in the highest bracket of school bands in the entire United States, which is a very unusual honor for a town as small as Cameron.

The National Contest is the highest and last competition to be held each year in the nation, and a band winning a first division rating has done all it can for the year, and is automatically eligible for the National contest of the following year without any preliminary competitions.

Further honors coming to the Cameron band are as follows: David Wade, twirling drum major, 1st division; Josephine Newton, oboe soloist, 1st division; cornet trio of Grandy Baskin, Lucille Stedman and Frances Brogdon, 1st division; these are all National champions. Additional winners are: Willard Skelton, trombone soloist, 2nd division; Doris Newton, flute soloist, 2nd division; Jim Baskin, baritone soloist, 2nd division; woodwind quintet of Doris Newton, Josephine Newton, Maxine Akers, Inez Slaughter and Julian Baskin, 2nd division; Grady Baskin, cornet soloist, 3rd division; Pat Baskin, trombone soloist, 3rd division; Sam Bill Law, bass soloist, 3rd division.

Thus is completed the most successful year in the history of the Yoe High band, having won first division cups and forty-one medals in this years two contests, and having made no band rating lower than first division in the last two years of contest participation.

SAM HOUSTON SCREEN FIGURE IN TEXAS STORY

Sam Houston—the Alamo—the battle of San Jacinto—stirring times that changed the face of a continent, the story of the Texas Revolution and the building of the Republic of Texas is the background of action that brings to the screen of the Cameron Theatre on Wednesday and Thursday, May 10 and 11 the "Man of Conquest."

Stanley Swift, owner of the Theatre, has booked this great screen achievement and is bringing it to the screen of the Cameron Theatre, the picture to be shown in this section of Texas for the first time. Republic Pictures spent one million dollars to stage this heretofore never told screen story of the life of Sam Houston and the stirring

times in which he lived. This picture is dear to the hearts of every Texan. It is reputed to be the greatest historic drama ever filmed in America.

Richard Dix plays the roll of Sam Houston while Edward Ellis is Andrew Jackson, the friend of Sam Houston.

Among the stupendous scenes enacted in this great picture is the fall of the Alamo and the battle of San Jacinto. Those have been depicted in realistic fighting that resulted in the independence of Texas and the creation of a new nation on the Western hemisphere.

Mr. Swift could not book this picture at the week end but took it on the first opportunity and is therefore staging it on May 10 and 11.

In connection with the item in the Herald two weeks ago about the activities of this club, Mrs. John Mayastik, club reporter, requested that the name of Mrs. Robt. John Litel is Screen's Jack-Of-All Trades

John Litel is a handy actor to have around a studio. No matter what kind of role comes up, the producers can say "let John do it" and be sure the job will be well done.

It didn't take the Warner Bros., to whom Litel is under contract, long to recognize that fact and take full advantage of it. They've been letting John do everything from hard-boiled gangsters, to fond fathers and famous American patriots during the past three years. And not once has he let them down.

That habit of letting John do it is all right with Litel. He says he wanted work when he came to Hollywood from the New York stage and he isn't going to complain as long as he gets it. Only when it stops coming he gets it. Only when it stops coming. Litel, who is featured with Margaret Lindsay in the Warner Bros. court room drama, "On Trial" which opens Saturday at the Cameron Theatre, doesn't believe in specialization for actors. That's well enough for doctors or lawyers, but a real spian should be able to interpret any type of character. In his own stage stock days he switched from juvenile to bearded old man roles and thought nothing of his versatility as an actor. Today that same versatility is standing him in good stead as one of the most capable actors in the acting colony.

Victor McLaglen and Chester Morris Stars Of "Pacific Liner"

A terrific clash of wills between a belligerent chief engineer on a vessel and a determined ship's physician, motivates the exciting plot of RKO Radio's "Pacific Liner," which serves as a starring vehicle for Victor McLaglen and Chester Morris.

With its action transpiring on board an ocean steamer, the story presents McLaglen as the masterful chief of the ship's engine and fire rooms, Morris as the vessel's doctor and Wendy Barrie as a nurse.

The hard-boiled chief engineer represents the doctor's daily inspection of the stokehold crew, as well as the more than professional interest in the pretty nurse, and a bitter conflict develops between the two men. This condition is further aggravated when a deadly epidemic breaks out below decks and the engineer's steel-walled domain is put under quarantine by the physician.

The domineering engineer's efforts to keep the engines running at top speed with a slowly diminishing crew, his final succumbing to the dread malady himself, the doctor's struggle to save him, and the unusual

romantic triangle provide suspense-laden events which are said to bring about one of the most gripping climaxes seen on the screen in many months.

Directed by Lew Landers, "Pacific Liner" also features in the cast Barry Fitzgerald, Alan Hale and Allan Lane. Robert Sisk produced.

FARM CLUB NEWS

HOME CLUBS

The program committee of the Milam County Home Demonstration Council is making progress in their plan for useful, interesting programs when the Agent is not present. In the past many meetings were wasted because of the lack of a definite program. Often the program was the work of the Agent and the club members were deprived of the benefit they would have received from preparing the program. In 1937 each club collected materials for one second program and presented it to the program committee. This material was filed in the office of the County Home Demonstration Agent who supplemented it, arranged it in program form, mimeographed it and mailed to the clubs. In 1938, the subjects were selected and material put in the hands of the Council program chairman who assigned one program to each club to prepare and for presentation. The mimeographing was done in the agent's office. As a program occasionally came in too late for use, a change was made for the 1939 programs. Each club was asked to prepare and present to the Council program committee, one program as they would like to see it presented. Those selected for 1939 use were filed in the agent's office for mimeographing and distributing. Clubs are asked to supplement, re-write, furnish illustrative materials, and in any way they can, make the programs more interesting and more individual. The same plan has been adopted by the Council for 1940 programs.

Each year, training schools have been held for the program committees of the clubs. At these schools the committees are instructed how to prepare their programs for county use, and how to use the prepared programs in their club meetings. There are several advantages in this plan. Program material is ready on time, and the clubs prepare better material because it is to be used by others as well as in the local club. Clubs are not deprived of the privilege of preparing programs, and yet are not over burdened with the responsibility of preparing all programs for meetings without the Agent. The object of these meetings—to develop women by letting them have responsibility—seems to be met to a greater extent than by any other plan that has been tried by these groups.

COUNTY COUNCIL

The Milam County Home Demonstration Council met at the Baptist church, Wednesday, April 26 at 2 p. m. There were 14 clubs represented and 10 visitors present.

Business pertaining to the six-county encampment of the Home Demonstration Clubs, which will be held June 13th and 14th at Camp Ben McCullough, was taken up at this meeting. All members are urged to attend this encampment if possible.

Mrs. J. P. Love, president of the County Health Board, gave an interesting talk on child health and all clubs are asked to observe child health week.

Home Demonstration Clubs will observe the 25th anniversary of Extension Service work in Texas. Mr. Banzhaf, Milam County Agent has 31 years of service to his credit, the oldest continuous service record in the United States.

Mrs. John Strauss of Waco, vice president of District 8, met with the Council and gave some valuable information on club work.

HOYTE D. D. CLUB

The Hoyte Home Demonstration Club met in the home of Mrs. Elliott Crook. Members present were Mrs. Guy Chandler, Mrs. John McLerran, Jr., Mrs. Brennan Morris, Mrs. Earl Angell, Mrs. Narvie Caperton, Mrs. Thomas Batey Mrs. Harvy Radtke, Mrs. James Elrod and Mrs. Ella McLerran. Visitors were Mrs. Barron and Mrs. White.

Mrs. Crook and Mrs. Morris gave a demonstration of how to make hooked rugs.

The club plans to have a window display in Cameron showing rugs of different kinds, bedspreads, quilts, and cut work embroidery made by the members.

Refreshments of sandwiches, cookies and punch were served. The next meeting will be at the home of Mrs. Elrod.

BRANCHVILLE 4-H CLUB

"Before we refinish furniture, we must remove the old paint or varnish," said Miss Wilson, the Assistant Home Demonstration Agent at the Branchville 4-H club meeting on April 27, with 15 members and Miss Dorothy Porter.

To refinish furniture, take 2 tablespoons of lye and one cup of cold water; add it to a quart of boiled starch to remove the old varnish. Use one fourth cup of vinegar to one gallon of water to wash the chair. This will keep the lye from eating the wood. Paint or varnish the way the grain runs.

A picnic was planned for the next

meeting with the Agent on May 26th at 2 p. m.

LILAC H. D. CLUB

"Producing quality eggs for home and market and the essentials of keeping this standard" was the topic discussed and illustrated by Miss Porter, Home Demonstration Agent, who met with the club April 20th in the home of Mrs. Bruce Jennings.

Refreshments were served by Mrs. Jennings to 8 members and 3 visitors.

A "42" party and "Cake Walk" sponsored by the club was given Apr. 13th. A nice crowd attended and a good time was enjoyed by all.

Women Answer From 12 States

To date, Touring Reporters have visited the principal cities of 12 Southern states; have asked 1297 users their famous question: "Did CARDUI help you?"

Of those 1297 users, 1206 said they were definitely benefitted by CARDUI. That's 93 out of every 100. What a record!

CARDUI is a good stimulator for lagging appetites, a real aid to digestion and assimilation. That's why its proper use enables so many women and girls to build up physical resistance, and thus help them avoid the periodic pain of functional dysmenorrhea due to malnutrition.

CHRISTIAN SCIENCE SERVICES

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 7.

The Golden Text is: "As in Adam all die, even so in Christ shall all be made alive" (I Corinthians 15:22.) Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For ever, O Lord, thy word is settled in every false way" (Psalms 119:89, 104.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man is the family name for all ideas,—the sons and daughters of God. All that God imparts moves in accord with Him, reflecting goodness and power." (page 515.)

Protest

(Continued from page 1)

ed out that the sheriff's office for more than a half century had been located on the first floor and that much confusion would result and many months would be required to properly locate the office in the minds of the people. The Sheriff's office for many years has been the meeting place of citizens from all parts of the county including a number of Cameron men and if the office is moved to the second floor, no place would be available for this exchange of friendship, conversation, and handshaking. In winter months the office of the sheriff accommodates many people who find comfort and plenty of room to lounge. This space would not be available in the office of the county superintendent.

Opponents of the move also point out that the sheriff is subject to call at any time and if his office is located on the ground floor he can get into action much quicker than if he had to make his way down stairs from a second floor.

This is a second protest involving changes in the court house in the last year. Considerable disappointment resulted when the clock tower was dismantled and taken from the roof of the building, but now that the improvements are nearing completion and the clock is to be restored, the people generally feel that there was little or no reason to

question the wisdom of the commissioners' court.

Greetings Exchanged Over Texas Hero

Cordial greetings were exchanged between Mayor Chas. C. Smith and Judge Oscar G. Dancy, county judge of Cameron county on April 25, in commemoration of Captain Ewing Cameron, one of the heroes of the Texas revolution and for whom Cameron county was named and also the city of Cameron.

Captain Ewing Cameron for whom the city is named, was a native of the highlands of Scotland. The earliest known history of this colorful figure of the Texas Revolution finds him a cowboy on the prairies around Victoria. When dissension arose in the ranks of Texans regarding a direct attack on Mexico, Cameron called for volunteers and led an expedition into Mexico. Disaster overtook the small band of Texans and they were captured and eventually shot.

Captain Cameron was a heroic figure as he bared his breast to the firing squad. In the first drawing of black beans Cameron was to go free but through a later order of Santa Anna he was sentenced to face a firing squad and died at Huehuetoca, twenty-five miles from Mexico City.

The exchange of greetings between Mayor Smith and Judge Dancy was the occasion for considerable reflection on the prominent role Milam county and Cameron have played in the history of Texas.

ATTIC Home Cooling VENTILATION

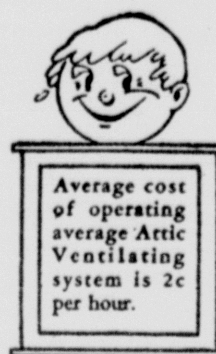

AS REFRESHING AS

A MOUNTAIN BREEZE

Home Cooling by Attic Ventilation is the simple, modern method of securing "Summer-resort comfort" at home! The mechanics are simple: An Attic Fan, Louvers (louvered windows) in the attic, and a simple Grille in the hallway.

The Attic Fan draws cool air through open windows into the house, through the rooms up to the attic and forces it out through the Louvers in the attic. At the same time this Fan forces the hot air out of the attic, thus removing a "blanket of heat" from the house.

As the cool air is circulated through the house, Cooling Breezes bring instant relief from Summer heat. Circulating air is cooling! Plan to install Attic Ventilation in your home now!

Average cost of operating average Attic Ventilating system is 2c per hour.

Installation cost of Attic Ventilating system is low, for old homes as well as new.

KENTUCKY DERBY

There are other derbies, richer derbies, but the Kentucky Derby still tops the American turf because it's the Kentucky Derby! Born in 1875, it has grown up as a state classic, garnering many of the richest, most colorful of bluegrass traditions, never missing a running since its first. Fame and fortune may dominate elsewhere, but Kentucky Derby goes to the fastest horse, over 45% of these annual classics being won by favorites. Here fortunes have been won and lost, but the race is the thing which gives the Kentucky Derby that irresistible, phantom force that never fails to draw the crowd.

WORKMAN ASKING \$25,950 IN SUIT

The jury in the case of Dade Bankston vs. Sinclair Oil Company Bankston vs. Sinclair Oil Company and Freddie Palmer was excused Wednesday until 1:30 Thursday afternoon after all evidence had been presented. On Thursday the case was argued and reached the jury in the afternoon.

The Texas Employers' Insurance Association intervened and set up claim for a portion of recovery of the plaintiff, if any, for amounts which they had paid him under the Workmen's Compensation Law.

This suit arose out of the burning of Bankston on April 5, 1935, in a fire resulting from the explosion of gasoline in the Rockdale Bottling Works, a business owned and operated by Freddie Palmer, who is also the Rockdale agent for the Sinclair Oil Company.

Bankston is suing for damages resulting from physical injuries, sufferings physical and mental, medical, drug and hospital bills resulting for the accident, in the amount of \$25,950.

Messrs. John Watson of Cameron, Witt, Terrell & Witt of Waco represent Bankston; Bryan and Maxwell of Waco represent the Sinclair Oil Company; Camp & Camp of Cameron and Rockdale represent Freddie Palmer; and Billy Stump of Georgetown represents the intervenor, The Texas Employers' Insurance Association.

a Rotarian he served as a member of the committee on programs and staged some of the most impressive entertainments the club has enjoyed during the year. Dr. Clifford Swift, president of the club, paid Mr. Copley a high tribute when he said, "Mr. Copley has been invaluable as a worker during our first year and we sincerely regret that he is soon to leave us."

During the luncheon hour Mr. Copley expressed in touching words his appreciation for Rotary and the influence it has projected into the life of the community and that it had contributed much to his personal enjoyment and association in Cameron and in other parts of Texas. Mr. Copley was a hard worker and the club feels a deep sense of loss not only because he will not be with his comrades of Rotary each week, but because the city of Cameron has lost a fine progressive citizen.

Homer Peel Injured When Ball Hits Head

Homer Peel, manager of the Shreveport team of the Texas League, was seriously injured Tuesday night when he was hit in the head by a ball.

Peel, who is a Milam county boy, has been in professional baseball since 1923. He was first noticed 17 years ago when he played second baseman for the Cameron Comets of the News-Tribune cup race for that year, the first race of its kind ever put on. Peel was at that time a high school boy.

Mr. and Mrs. Arnold Jungmann of Yarellton were Cameron visitors Wednesday afternoon.

McLerran

lives in the home and they attempted to revive him. Mrs. Viletty Thompson, a daughter who lives near by was also summoned. The family physician, Dr. A. S. Epperson was called in, but the pioneer was dead before the doctor reached the home. The doctor said death was caused by the blow Mr. McLerran received on the head as he fell.

Mr. McLerran was a true pioneer. He was born in Moss Clay county Tennessee on January 12, 1858, the son of Mr. and Mrs. Michael McLerran. On January 12, 1876, he married Miss Mary Crawford. A daughter, Viletty McLerran was born to them in their Tennessee home. About 55 years ago he came with his wife and child to Cameron. With them came Mrs. McLerran's parents, Mr. and Mrs. Crawford and their children.

Early in his residence here Mr. McLerran engaged in farming and became a large land owner and for a number of years owned and operated a coal and wood business in the city. Mr. McLerran remained actively in charge of his business interests until about ten years ago when as a result of failing health he relinquished active management of his estate. For the past two years his health had been more or less critical but he persisted as only a pioneer will do in determina-

tion to continue active and to resist the encroachment of age upon his active life. Just a few days before his death he went to his field near his home and there with a hoe worked in the field of grain.

Funeral services were held from the family residence at 10 a. m. Thursday morning with Rev. Maurice Grove, pastor of the First Christian church, delivering the funeral sermon. The body of the pioneer was taken to Oak Hill cemetery and there interred in the family lot with the Green Funeral home directing arrangements.

Active pall bearers were J. S. Bragg, Henry Hefley, Rush Thomas, Sealy Lampkin, Matt. Bailey and Fritz Fahrendorf. Honorary pall bearers were R. D. Brown, W. A. Bonds, Arthur Baskin, A. N. Green, B. Slocomb.

Mr. McLerran is survived by his widow and nine children as follows: Mrs. Viletty Thompson, Frank McLerran, Mrs. Ola Humbles, John H. McLerran, Jr., and Ben McLerran all of Cameron; Roy McLerran of Temple, Mrs. Grady Almond of Dallas, Miss Berenice McLerran of Austin and Dewey McLerran of Waco.

Mrs. G. A. Plentl suffered an attack of illness Wednesday night but is much improved at this time.

Mrs. Gilford Thweatt and son were Cameron visitors Wednesday.

The accident occurred when a truck driven by Sammons collided with a car occupied by two Mexicans, Simon Zaga and Ernesto Campos of Mexico City who were en route to the World's Fair in New York City. Deputy Sheriff Dan

Gun said that Wyne Cox the other occupant of the truck and also owner of the machine admitted he had been drinking, also.

No one was seriously injured. The Mexicans will proceed to the fair after having their car repaired, the cost of which is estimated at approximately \$100.

Attending the concert given at the City Auditorium in Houston on April 22, by Padurewski, world's eminent pianist, was Miss Arnette Ryan of Cameron. The program, the last of a series of three to be given in Texas before the departure of the famous musician was an event of interest to music lovers, and drew a capacity crowd.
